MobileCamViewer

mobiDEOS

MobileCamViewer allows you to watch and PTZ control security cameras live anytime/anywhere on your cell phone. With MobileCamViewer you can:

- Monitor your business, home or store remotely with a touch of a button.
 - Get peace of mind and business intelligence at all times.
 - Watch live & store, home, baby, pet, business, construction, storage and much more!
 - Avoid expensive alarm verification fees by viewing the cameras on your cell phone when the alarm goes off at your home or store.
 - Provides immediate and high ROI.
- [Contact me about this solution](#)

Benefits:

- ▶ Provides High ROI: Saves Time and Money: By avoiding trips to your store or business or home. Increase Productivity and Cost Savings: View the situation without needing or having to be in front of the computer, such as in a retail store or a construction site or university campus etc.
- ▶ Peace of mind at all times
- ▶ Remote monitoring and BI (Business Intelligence) with a touch of a button
- ▶ Helps to keep environment green.
- ▶ Avoid expensive alarm verification fees

Features:

- ▶ View and PTZ Control: IP Cameras directly, IP Cameras connected to NVRs, CCTV cameras connected to DVRs
- ▶ Watch different Manufacturers/Models in a single application
- ▶ Easy Setup and takes less than 3 minutes
