mobiDEOS Adds Support for BlackBerry Smartphones in mobile IP Camera Viewer version 2.0

Viewer available for all BlackBerry Pearl, BlackBerry Curve, BlackBerry 8800, BlackBerry 8700 and BlackBerry 7200 series smartphones

mobiDEOS joins BlackBerry ISV Alliance Program

Sunnyvale, CA (Feb 6, 2008) - mobiDEOS, a leader in providing mobile access to video surveillance and remote video camera monitoring has released an update of mobileIPCamViewer version 2.0 with support for all BlackBerry® Pearl™, BlackBerry® Curve™, BlackBerry® 8800, BlackBerry® 8700 and BlackBerry® 7200 series smartphones from Research In Motion (RIM) (Nasdaq: RIMM; TSX: RIM). mobiDEOS is also announcing that it has become a member of the BlackBerry® ISV Alliance Program.

Using MobileIPCamViewer customers can easily enjoy the freedom of watching and controlling (Pan, Tilt, Zoom) security and surveillance video cameras using their BlackBerry smartphone at any time and from virtually anywhere, offering greater convenience, peace-of-mind and increased value to customers.

“We use MobileIPCamViewer to monitor our main house. We have 6 cameras inside and outside. With these cameras, we can verify delivery personal and vendors we allow access to our house while we are away,” says Tanya, of Front Range Drywall, Inc. in Thornton, CO. “The benefit of using MobileIPCamViewer is comfort and peace-of-mind.”

“mobiDEOS is pleased to work with RIM. The alliance program provides us

with technical, marketing and other resources that can help us bring our innovative applications, including MobileIPCamViewer, to BlackBerry smartphone customers,” comments Sri L. Palasamudram, CEO of mobiDEOS, Inc.

“We are pleased to welcome mobiDEOS into the BlackBerry ISV Alliance program. "Value-added applications like MobileIPCamViewer help customers enhance flexibility and productivity and exemplify the versatility of the BlackBerry platform," said Jeff McDowell, Vice President, Global alliances at Research In Motion.

MobileIPCamViewer seamlessly connects with top brand IP Cameras such as Sony, Panasonic, Axis, Toshiba, Canon and many more.

MobileIPCamViewer has been on the market for over a year and works on wireless networks from carriers across the globe. More information on MobileIPCamViewer is available at www.mobileipcamviewer.com.

About mobiDEOS

mobiDEOS, Inc. a privately held mobile technology company headquartered in Silicon Valley, offers innovative cell phone based mobile solutions to security and surveillance markets.
