mobiDEOS MobileCamViewer Integration with VITEK EH Series

mobiDEOS MobileCamViewer Integration with VITEK EH Series

Valencia, CA (January 10, 2011) -- mobiDEOS, maker of the MobileCamViewer, lets VITEK customers view and PTZ control remote cameras by receiving live video streaming on their iPad, iPhone, Android, Blackberry, Windows Mobile, Palm, Motorola, Nokia or just about any other mobile phone without buying any new hardware. Users no longer need to be in front of their computer to view cameras they can do it from anywhere and at any time. This not only increases response time but gives users a feeling of comfort and control never before available.

The MobileCamViewer service starts as low as \$4.99/month to support two cameras on a DVR and can be expanded to support an unlimited number of cameras and DVRs.

VITEK dealers and installers can also use MobileCamViewer as a wireless test monitor to streamline their installation procedures and save money and time. Dealers can also offer MobileCamViewer as a value-added service to their existing and new customers.
