## Pelco Integrates Popular DVRs, HVRs with mobiDEOS MobileCamViewer

(M2 PressWIRE Via Acquire Media NewsEdge) Clovis, CA -- Pelco is pleased to announce the integration of its popular DX8000 Series DVRs and DX8100 Series HVRs with the mobiDEOS MobileCamViewer. This integration combines the dependability of high-quality Pelco video recorders and the versatility and security of the MobileCamViewer to create superior mobile-surveillance solutions. This will allow users to view and control their Pelco DX8100s and DX8000s on over 500 mobile devices, including but not limited to the iPhone, BlackBerry, Windows Mobile, Palm, Nokia, Motorola, Samsung, and Sony-Ericsson.

Live, high-quality surveillance video streams via MobileCamViewer from Pelco DX8000 DVRs and DX8100 HVRs to users' mobile devices. Pelco resellers will be able to offer MobileCamViewer to their customers as a value-added service that is secure, reliable, and easy to set up and operate.

"This new integrated solution brings peace of mind - right to your mobile phone. Now users can view their property on their cell phones - live - from anywhere in the world," says Terry Carver, Pelco API Business Development Manager. "This new integrated technology solution allows our mutual customers the opportunity to meet a wider range of requirements in just about any industry, adding an additional functionality for our already loyal DX8100 and DX8000 customer base." "It is a pleasure to work with Pelco, a leader in the security market and well known for their support and service in the security industry," says Sri Palasamudram, CEO of mobiDEOS. "This integration provides great ROI for our mutual customers as they will save both time and money. In addition, it enables customers to respond to incidents much quicker and with more situational awareness than was possible in the past." About Pelco Pelco, Inc. by Schneider Electric is a world leader in the design, development and manufacture of video and security systems and equipment ideal for any industry. Pelco produces the security industry's most respected offering of discreet camera domes and enclosures, video matrix systems, next-generation digital video recorders, Full HD LCD monitors and megapixel cameras, IP solutions and fiber optic transmission systems for video/data - and much more.
